

ANIMESH SHARMA

Senior UX Designer | UX Research, Complex Workflows & Shipped iOS Products
New Delhi, India | +91 9582137784 | animeshsharma23j@gmail.com | Portfolio: www.iamanimesh.com
LinkedIn: [linkedin.com/in/animeshsharma23](https://www.linkedin.com/in/animeshsharma23)

Professional Summary

Senior UX designer with 10+ years across government, enterprise, and consumer products. Leads field research on high-stakes, rule-bound workflows and turns it into decisions engineering and policy teams can act on. Founded Galaxy Studio (30+ apps, 4M+ downloads), and now designs and builds six live iOS apps end to end, AI-assisted throughout.

Core Skills

Product Design; UX Research (contextual inquiry, interviews, surveys and questionnaires, thematic analysis); Interaction Design; Information Architecture; Complex Workflow Design; Prototyping; Usability Testing; Design Systems; Accessibility; Figma; SwiftUI; AI-Assisted Design & Development (Claude Code, Codex)

Professional Experience

Senior UX Designer | Central Board of Direct Taxes (Income Tax) | 2021-Present

- ITBA (case-disposal system for ~45,000 tax personnel across ~780 offices): led an 8-12 week field study with participants across all six officer cadres plus a 13-source documentary review, reducing 40+ symptoms to six root causes and separating what design could fix from platform limits.
- Redesigned four moments in the assessment flow (explicit case states, a clear primary action, persistent case context, and validation before submission) in a team of 3 designers, 1 PM, and 3-5 engineers; in validation sessions officers identified blocked cases faster from status alone.
- Resolved a density conflict between working cadres and reviewing officers by tying every field removal to a procedural requirement, so the simpler screen stayed defensible on audit.
- Conducted filer interviews for the Income Tax 2.0 website overhaul, and built two live ITR filing concepts with a structured feedback instrument to test guided form selection and AIS reconciliation.

UX Designer | Independent / Freelance (alongside full-time roles) | 2019-Present

- Designed and built six live App Store apps in SwiftUI for iPhone, iPad, and Apple Watch since Oct 2025: UnitX, BuildX, TradeBill, JobBook, Recital, and RateBook.
- UnitX: a 20-app competitive audit set the brief (offline, ad-free, free favourites); holds a 5.0 average across 25+ ratings.
- Trade suite (BuildX, TradeBill, JobBook, RateBook): coded 7,439 App Store reviews across 14 competing apps and six markets into five themes, and traced every product decision to one of them.
- Created 100+ smartwatch faces for boAt Lifestyle India, and delivered mobile, web, and e-commerce product work for clients including Country Delight and Wizikey.

UI / UX Designer | Comptroller General of Defence Accounts (CGDA) / DRDO | 2019-2021

- Ran per-role working sessions with 15 participants across all five roles in the bill-clearance chain, plus a workaround audit, identifying four blockers behind stalled bills.
- Used the audit evidence to shift the department's brief from a visual refresh to structural change; submitted four recommendations, each traced to a blocker, in a team of 2 designers, 1 PM, and 3 engineers.

Founder & UI / UX Designer | Galaxy Studio | 2016-2019

- Founded the studio and shipped 30+ Windows Phone, Windows 10, Nokia Asha, and BlackBerry 10 apps: 4M+ downloads, 4.0+ average rating, and US\$100K+ revenue.
- Designed Yube, eXpress Player, FitVid, and SuperHeroes Wallpapers; studio apps were featured by Microsoft, Nokia, and Windows Central.

QA Analyst | IBM India Pvt. Ltd. | 2014-2016

- Functional, regression, and usability testing on McKesson Healthcare and C2C Rail projects.

Recognition

Microsoft Student Partner (2012-2013); Top 10 in Microsoft DVLUP, a Windows Phone developer reward program.

Certifications & Education

Post Graduate Certificate in UX Design & HCI, Indian Institute of Technology (IIT) Guwahati, 2023

Google UX Design Professional Certificate

Bachelor of Technology (ECE), Netaji Subhash University of Technology (East Campus), 2009-2013
